- Decisions regarding the day and time for games should be made in consultation but the final decision if agreement cannot be reached is made by the home team. If there is more than one court surface at the venue the home team will decide which court surface the match is to be played on.

Rained Off and Rain Interrupted Fixtures

- Contests may only be postponed due to inclement weather by mutual agreement of both managers. Teams should always turn up and play as many matches as possible as weather conditions in the Bay can change very quickly. This particularly applies to artificial grass surfaces
- Unfinished or postponed matches/contests should be re-scheduled prior to the next scheduled contest or can be played on the rain off day allocated. If rain affects semi-finals, contests must be completed within 6 days. Finals date will not be changed. If finals (or last round if no playoffs) are affected by weather, then contests must be completed within 14 days.
- There will be one rain off day allocated at the end of the comp but before playoffs (or last round if no playoffs).
- Team Captains to reach mutual agreement on when contests are to be re-scheduled.
- If teams can not agree on a date to play the rescheduled matches/contest, then TWBOP will set the date (teams will be allowed to only one suggested date each).
- **Teams that do not play prior to playoffs will have no points awarded – TWOP will assist clubs to find courts if requested but the rescheduling of the contest is the sole responsibility of team captains. NO points will be awarded for the unplayed matches. Bonus points will not be allocated for partially completed matches.**
- Partly completed matches will be resumed at the score standing at the time of postponement and team members must remain unchanged.

Results Sheets

- Results sheets are to be completed fully by team Captains and signed by both Captains as final evidence of the result of the fixture.
- Winning Captains or a team member must enter the results online (see result sheet instructions).
- Losing Captains are responsible for forwarding a fully completed team sheet by the Monday following the tie (email to manager@tenniswesternbop.co.nz).
- Failure to forward a team sheet, or one that is not fully completed, could result in no points being awarded to the winning or losing team.

Contest Defaults

- Teams of 4 players which do not have sufficient players (Minimum 2 players) 30 minutes after the start time will be liable to a default.
- Teams of 2 players or Mixed Doubles teams do not have any default options, all players must turn up to play minimum of 2 matches.
- Opposition teams must agree to play against a team with at least two players. Notice that a team is unable to field a full team also should be given to the opposition team at least 24 hours prior to contest.
- When a team loses a contest wholly by default a standard default fee of \$50 will be invoiced to the club Secretary/Administrator of the defaulting team. The club has 48 hours to appeal this action through the Interclub Sub-committee. Their decision is final. 5 The default fee will normally be invoiced to the club within 2 weeks of each default notified.
- If a team defaults 3 times during the competition, they and their points will be withdrawn from the competition immediately.
- Teams that win a contest by default will receive points for that contest equal to the average of the points they have accumulated in the other contests they played over the season. These points will be awarded upon completion of their final match of the round prior to semis and finals or the final match

of the competition where no semis or finals are played

Points

Points will be awarded as follows:

1. 1 point for every match won.
2. 2 points for an overall contest win.
3. If matches are even there will be a countback on sets won to determine a winner.
4. If sets are even there will be a countback on games to determine a winner.
5. 1 point to each team for a draw, if matches, sets and games are even.

NOTE: A third set super tie-breaker is counted as a set when a set countback is required. If sets are even and a count back of games is required, then the super tie-breaker is counted as a game. Therefore, the super tie-breaker could potentially have two values.

Countback to decide Semi-finalists, Finalists, Competition Winner

Where a countback is required to decide semi-finalists, finalists or the competition winner as **teams are tied on points**, the following will determine the order:

1. The most number of points won by a team in all contests against the other team.
2. The most number of matches won by a team in all contests in the entire season.
3. The most number of sets won by a team in matches in the entire season.
4. The most number of games won by a team in matches in the entire season.

The first criteria will be used to break the tie. If teams are still even, the progress to the next criteria.

NOTE: A third set super tie-breaker is counted as a set when a set countback is required. If sets are even and a count back of games is required, then the super tie-breaker is counted as a game. Therefore, the super tie-breaker could potentially have two values.
